onondaga creek

CONCEPTUAL REVITALIZATION PLAN

appendix n: funding sources

Onondaga
Environmental
Institute

Potential Funding Streams

The table N.1 of federal, state and private funding sources is adapted from a database accessed on the internet, compiled by the U.S. Department of the Interior National Park Service's Partnership Wild and Scenic Rivers (PWSR) program. The original database is intended to assist management plan implementation for designated PWSR rivers in the northeastern United States. The database is well-suited to inform users of potential funding and to aid in the development of funding strategies for the Onondaga Creek Conceptual Revitalizaton Plan, as it has a partnership-oriented focus and a northeastern emphasis. The original, posted in September, 2006, can be downloaded from the National Park Service website (http://www.nps.gov/nero/rivers/riversfunding.htm). Federal and private funding sources are reproduced herein with minor additions. Onondaga Environmental Institute (OEI) staff added New York State funding opportunities. The table is intended to serve as an introductory resource; this is not an exhaustive list of available funds. Each funding source should be researched to assess eligibility requirements and current availability of funds. OEI welcomes suggested additions to this database.

Table N.1 Federal, State, and Private Funding Sources

Source Type	Funding Source	Program Name & Internet Address	Uses						Eligibility		
			Administrative	Conservation	Research	Education	Acquisition	Technology	Non-profit	Town	County
Federal Grants, www.grants.gov											
Dept. of Agriculture (USDA)	Cooperative State Research Education and Extension Service	Competitive Grants Program http://www.csrees.usda.gov/fo/fundview.cfm?fonum=1112			X	X			X	X	X
Dept. of Agriculture (USDA)	Cooperative State Research Education and Extension Service	Land Cover/Land Use Change Research http://www.csrees.usda.gov/fo/fundview.cfm?fonum=1360			X	X			X	X	X

Uses	The Uses categories, as listed above, may include the following funding opportunities:
Administration	Administrative cost, volunteers or staff salaries, training, and marketing
Conservation	Conservation and restoration of: land, water, air, birds, fish, wildlife, and preservation of cultural history
Research	Research, monitoring, surveys, consultations, and planning
Education	Environmental education programs, outreach programs, and continuing professional education
Acquisition	Land acquisitions
Technology	Technology (computers, software, GPS, office supplies, etc.) – Equipment (canoes, outdoor gear, tools, office furniture, etc.)
